FLETCHER INTERNATIONAL, LTD.

Case No. 12-12796 (REG)

Debtor.

OBJECTION OF STEWART TURNER

TO STIPULATION AND ORDER RESOLVING PROOF OF CLAIM

FILED BY JEFFREY M. COLON

Introduction

Stewart Turner, who is both an administrative and pre-petition creditor of Fletcher International, Ltd. (Bermuda), states as follows:

1. I have filed claims in this case in the amount of \$33,502.76 plus unliquidated damages regarding legal fees under my rights to indemnification. I am a former consultant and a former Director of Fletcher International, Ltd. I have a Bachelor of Science in Engineering degree from Princeton University in 1980 and an MBA degree from The Wharton School at The University of Pennsylvania in 1984.

2. My particular expertise as an advisor to the Fletcher organization is in connection with negotiating the customized PIPEs warrants which are the major investment vehicle of the Fletcher organization and, from an industry perspective, in valuing those warrants. Although I do not earn my living as a valuations expert, in addition to my graduate business education I have worked on valuation matters with our accountants and experts throughout the years and I have industry perspective and experience on valuation.

3. I ask the Court's indulgence insofar as I cannot afford counsel and I have prepared all of what follows myself.

Background

4. Jeffrey M. Colon, a former consultant to FILB filed a claim herein ("Colon Claim"). Multiple times, the Trustee wrote that he objected to the claim of Jeffrey M. Colon, but is now accepting it.

5. There are forty-six (46) filed Class 3 claimants according to the Trustee's Report released on January 24, 2014¹; I have reattached this Exhibit D from the Trustee's Report as my Exhibit 1. Please note that the Trustee deemed only six (6) of the Class 3 claimants as "Entitled to Vote" at that time. On the other hand, the FILB Trustee objected to forty (40) other Class 3 claimants.

6. Of the six (6) Class 3 claimants that were "Entitled to Vote" according to Docket No. 393, I am only aware of Proskauer Rose LLP settling² with the Trustee.

Basis of Objection

7. Although I do not know if it is appropriate or not under the law, the circumstances of the claims objections and these settlements create an inference (at least in my mind) that the objections to the vast majority of creditors in Class 3, leaving only a small number remaining, and the settlements with a small number of the creditors in Class 3, are being used as a tool (perhaps improperly) to collect "yes" votes and outlaw "no" votes. I request full disclosure of any terms not included in the motion papers, including whether or not any understandings were reached as to how the creditors were to vote.

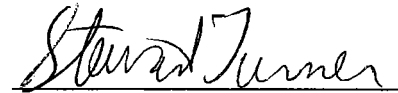

8. It may be the case that the vote of Mr. Colon may be needed to provide a simple majority (along with the vote of Gregory Messer, Chapter 7 Trustee of Madison Williams & Company, LLC, whose settlement is also before this Court (Docket No. 424)).

9. It would be a travesty of justice if the only purpose of allowing the Colon Claim to have voting status after it was previously objected to was to change the outcome of the limited Class 3 voting,

¹ Docket No. 393, released on or about January 24, 2014, Exhibit D, Page 356

² Docket No. 422

but the recent addition of these two allowable votes to just six others makes one question why the Colon Claim would be allowed.

A handwritten signature in black ink, reading "Stewart Turner". The signature is written in a cursive style with a horizontal line underneath.
